

NATIONAL PARTNERS

The Consortium for Computing Sciences in Colleges invites your company/organization to *join with us* as a National Partner.

As a NATIONAL PARTNER you are guaranteed:

- A display booth in a high attendee traffic area at any or all of our nine regional conferences for one year. This display can be manned by your representative or display can be mailed to the conference and unmanned.
- Free registration at **ALL** regional conferences. (This does not include meals).
- Listing as a **NATIONAL PARTNER** in each regional conference program.
- Listing as a **NATIONAL PARTNER** on all official CCSC websites (national and regional) .
- Right to cite your **CCSC NATIONAL PARTNER** status in your newsletters and/ or web site.
- **Company logo** and **link** to your web site on the CCSC web site:

CCSC
Statement Of Purpose

Consortium for Computing Sciences in Colleges is a non-profit organization focused on promoting quality computer-oriented curricula as well as effective use of computing in smaller institutions of higher learning which are typically non-research in orientation. It supports activities which assist faculty in making appropriate judgments concerning computing resources and educational applications of computer technology.

Because departments in smaller colleges and universities are usually small and not highly specialized, the Consortium also encourages the sharing of expertise, effective curricula and efficient technological applications.

The Consortium is concerned with the advancement of major programs in both Computer Science and Computer Information Systems, and with the use of computers in the Liberal Arts and Sciences.
